Team ILTES deeply condole, mourn and salute the Brave Soldiers of CRPF,
who have made supreme sacrifice of life in cowardice attack in
PULWAMA- KASHMIR BY TERROR MONGERS.

Team ILTES express its total solidarity with the families of bereaved.
The whole Nation demands stern and swift actions against the perpetrators of this crime.

EDITORIAL

Accelerating technological disruptions- from Blockchain, Robotics, Machine Learning to Artificial Intelligence are giving new impetus to Global Governance and setting the ground for new world order. The volatile and complex environment in the age of globalization offer immense opportunities for India to attain its rightful place in the world order.

Increasing adoption of Blockchain Technology and its interoperability with AI, ML and IOT is witnessed in health care, trade and commerce, manufacturing, supply chain and governance. Countries such as USA, Canada, France, Switzerland, Italy, New-Zealand, Singapore, Japan are adopting Blockchain and AI based solutions. Similarly, the Cryptocurrency segment is also gaining recognition by major Institutions and Banks.

Back home, Indian policy makers and Institutions such as FICCI, NASCOM, consortium of Banks such as ICICI, Kotak, Axis and eleven others are ready to launch Blockchain linked funding for SME's.

At ILTES we are busy in designing the best in industry study material, courses and training programs, for the young enthusiasts who wish to learn and make their career in these new age technologies and ventures. ILTES is also engaged in fostering partnerships and collaborations with world leaders, such as Satoshi School for quality education and research.

Please visit our website: www.iltes.in for latest updates and connect with us on our Facebook, Twitter and Linked in pages. If you wish to be a part of our What's app community into- Blockchain, AI and Fintech, you may feel free to join the below mentioned groups and share your views and thoughts.

DATE: 24.01.2019

Vice-Chancellor

MESSAGE

The world is witnessing amazing development in New Age Technologies, such as Blockchain, Digital Assets, Artificial Intelligence, Fintech and IOT- Internet of Things. These highly disruptive technologies are impacting life beyond imagination. Commerce, Industry, Banking Services, IPR management, protection of Environment and Human Rights are some core areas which are witnessing major transformation due to Blockchain, AI and IOT.

But such unprecedented development needs training skills, education and research for proper understanding and exploitation of these technologies. Also there is an urgent need for proper legal and regulatory framework for safer use of them.

I am happy to learn that Infinity Law-Tech Educational Services, ILTES- a unique startup, established by Prof. (Dr.) M.K. Bhandari is engaged in education and research in the above mentioned areas of Technologies and their Regulatory interface.

Prof. (Dr.) M.K. Bhandari is one of the leading legal scholar. He has penchant for teaching and research in the emerging areas of Law and Technology.

I am sure ILTES will serve the Tech-Legal community with their innovative tools of learning. My best wishes to Prof. Bhandari & Mission ILTES.

Nishtha Jaswal

Demand for People with relevant skills on Blockchain Technology is on rise:

Blockchain Flash News has projected that Business and Companies were coming to terms with potential impact of revolutionary technology, continues to fuel demand for Blockchain experts

(For more information visit- <http://lnkd.in/dSAipgB>)

Editorial Comment:

ILTES has conducted a survey and have found that there is 500% rise in demand for Blockchain experts by 2020. ILTES is in the process of designing short term and long term courses on Blockchain, Digital Assets, AI and Fintech- (visit-<http://www.ilt.es.in>)

SEC (Securities and Exchange)

Securities and Exchange is bullish on future of Crypto Assets. Michael K. Spencer-(Medium Daily Post)

ICICI, Kotak and Axis banks are among 11 to launch Blockchain Linked funding for Small and Medium Enterprise. (Economic Times, Jan 28th, 2019)

The Consortium of 11 big banks including ICICI, Kotak and Axis Banks are set to launch India's first Blockchain linked funding for small and medium enterprises (SME). The core objective of having such a lender network is to ensure transparency, in credit disbursement.

Bitcoin Troll Ribs Crypto at Davos

Speaking at Davos- 2019 at Blockchain Economic Forum, New York University Professor Nouriet Roubini said , Bitcoin and Cryptocurrencies are the mother and father of all bubbles and blockchain is nothing more than a fancy database. (for more details visit, CNN.com)

MESSAGE

We are living in an era, dominated by Technology. In the past 10 years some highly disruptive and transformational technologies such as Blockchain, Artificial Intelligence, Digital Assets, Internet of Things, Machine Learning and Fintech are impacting Finance, Commerce, Education, IPR's, Environment and Governance.

For optimum and safe use of these new age technologies, we need proper education, understanding, training and research. I am happy to learn that Prof. Dr. M. K Bhandari, with vast experience of more than 40 years in Education, Research and Administration of Institutions of Higher Education has taken a quantum leap to foray into educating our young students and enthusiasts about these technologies and their necessary architecture and legal eco-system.

The State of Telangana is among forerunner States to adapt and develop various applications based on Blockchain, AI, IOT and Fintech. I am sure the start-up known as Infinity Law Tech Educational Services ILTES, established by Prof. Bhandari will coordinate and get positive promoting these technologies for human welfare.

I congratulate Prof. Bhandari and wish all the success in his new venture.

International Conference on Blockchain, Cryptocurrency and Digital Assets: Regulatory Framework

September 29-30, 2018
Hyderabad, India

1. A Wonderful Pioneering Conference that opens new avenues on finances.

**By Justice Mohan Pieris,
Former Chief Justice- Srilanka**

2. This well-organized conference should be a kick starter for future Blockchain development.

**By Ulrich Eder,
Bangkok, Thailand**

3. This is one of the most comprehensive and in depth Blockchain Conference, I have ever attended.

**By Tesering Namgyal
Correspondent mLEX, HK**

4. It is a wonderful experience to participate in this conference and take it forward in NLAJA- Guwahati with the collaboration of ILTES- Great to work with them.

**By Prof. JS Patil
VC, NLUJA- Guwahati**

5. The first edition of this conference organized by ILTES has brought diverse disciplines together to understand the basic issues and ways to address them. I only hope that this initiative takes roots, strong enough to collectively address all the issues and allow the benefits to be shared by everyone and anywhere in the world.

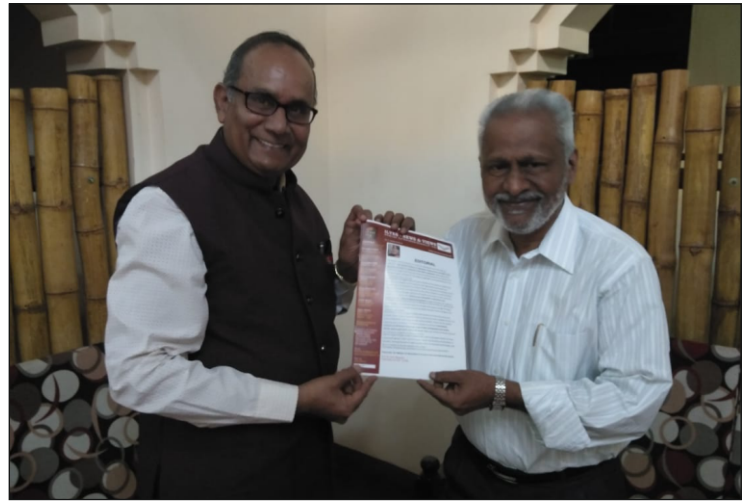

**By Prof. Dr. V.Vijayakumar
VC, NLIU- Bhopal**

6. Wow! Two things close to my heart- Law and Technology and this conference was a perfect mix of both. Well organized!!! Congrats Prof. Bhandari.
